**** MEETING LOCATIONS FOR 2020 ****

We will no longer send out 3 flyers per year for meetings. A form will be sent out first part of the year with meeting locations and dates. You may register with the attached form or by going to the WWOA state website. We will now be able to except credit cards but must be registered through the WWOA state website , checks can still be send as normal with attached registration form. Pre-registration will be the Friday before the meeting and is encouraged because we will have a total for space and food which would take the guess work out.
Speakers will be announced prior to the meetings on WWOA State website and we will try to have 5 available credit for meeting attendance and 1 additional credit for plant tour for total of 6 credits. You may also send a email to the West Central District at wwoawcd@live.com to receive a copy of agenda by return email. Meeting locations for 2020 will be listed below:
