*Number of CEC’s available for Wastewater & General Septage: **TBD***

Marathon City WWTP Upgrade:

In 2022, the Village of Marathon began a major upgrade of their wastewater treatment facility. The village decided to demolish the existing wastewater facility and build a new Aero-Mod Treatment Plant adjacent to the old one. Solids are treated by aerobic digestion, gravity belt thickening, and liquid sludge storage for land application. Marathon City was the 4th and largest Aero-Mod wastewater treatment facility, to be built in Wisconsin.

Contact Jake Charron, (715) 305-9685 regarding local arrangements, and Rob Szekeress, (715) 355-1436 regarding registration. Online registration is available at <https://www.wwoa.org/calendar/> **through the pre-registration deadline.** A 3% surcharge is added for online credit card transactions. **No credit card registrations will be accepted on the day of the meeting.**

Vendor display space is available at this location and **door prize donations are very much appreciated.** In consideration of all our wonderful vendor support, **the Vendor Display Fee now includes one regular registration fee.**

Vendors, even when registering online, please call Rob Szekeress, (715) 355-1436 to reserve space. (You don’t want to get stuck with the little table!)

CEC’s will not be credited if the DNR Certification number is not submitted. The number is on your operator’s certificate, or go to the DNR homepage at <http://dnr.wi.gov> and search keywords "Operator Certification".

Attendees must check in at meeting and tour to receive credits.
