## Operator certification program

### About the program

The program is responsible for ensuring that various types of professional operators have adequate training to perform the necessary tasks at their facilities or businesses. Review certification and licensing requirements by selecting the appropriate link.

### Operator certification lookup webpage

*Do you need to...*

- View an operator's training history report?
- Print a wallet card?
- See which certifications an operator holds?

# Has My Business License Been Renewed?

**Septage business license requirements**

No business in Wisconsin, unless exempted by statute, may engage in septage servicing until the business has been registered with the Department and the vehicle(s) and equipment used have been approved. The Department issues a business license and vehicle stickers to approved businesses. Businesses must follow Wisconsin Administrative Codes [Chapter NR 114, Wisconsin Administrative Code \[Exit DNR\]](#) and [Chapter NR 113, Wisconsin Administrative Code \[Exit DNR\]](#).
